

Culligan Water.

No salt. No scale. No worries.

Meet the Aquasential™ Salt-Free Conditioner

The Aquasential™ Salt-Free Conditioner helps you...

REDUCE
SCALE DAMAGE

REDUCE CARBON
FOOTPRINT

IMPROVE APPLIANCE
PERFORMANCE

SAVE MONEY

Simple. Safe. Salt-free.

If your goal is to provide the most natural water possible for your home and family, our Aquasential™ Salt-Free Conditioner is one of the best ways to do it.

Because even though traditional water softeners are great, many areas don't allow homes to use salt to soften their water. That's why our salt-free conditioner is designed to naturally condition water and minimize harmful scaling, with no need for backflushing or salt.

It's good for the environment. It's good for your plumbing and appliances. It makes cleaning sinks and showers simple. And it doesn't require floor drains or access to electricity.

With the Aquasential Salt-Free Conditioner from Culligan®, you get great-tasting water, fewer spots, and reduced scaling, all while saving time and money on maintaining your home.

Perfect for any home
